PRODUCT DESCRIPTION

SCISSOR LIFT TRUCK 1150x540mm - 1000kg

DESCRIPTION

This scissor lift truck is made of a sturdy steel construction, especially for the benefit of durable work. To be used as a pallet truck or a movable workplace/work table. The scissor table has a maximum load capacity of 1000 kilograms. This scissor lift truck is single-hinged. The weight is 118 kilograms. The lift tables are equipped with overload protection. The automatic side stabilizers ensure safety in the highest position and are equipped with a quick lift function as standard. The scissor lifting table has a high-quality wheel version: castors (180 x 50 mm) and scissor wheels made of polyurethane (75 x 50 mm). All parts are powder coated - the forks are yellow and the scissors are black.
