

Hydraulic Stacker - 1150x540x2080mm - 1000kg

SKU 75225

Hydraulic stacker with a maximum load capacity of 1000 kilograms. The length of the fork is 1150 mm and the carrying width is 550 mm. The maximum lifting height is 1600 mm. The lift truck is equipped with a high-quality wheel version.

TECHNICAL DATA

Product	new
Material	Metal
Status	New
Outside dimension length	1150
Outside dimension width	550
Outside dimension height	2080
Carry weight	1000

PRODUCT DESCRIPTION

Hydraulic Stacker - 1150x540x2080mm - 1000kg

DESCRIPTION

This hydraulic stacker is made of a solid welded steel construction and ideal for light work with pallets and containers. The lever has a triple function: lifting - neutral - lowering. The maximum load capacity is 1000 kilograms. The lowest position of the lift truck is 90 mm and the lift height is 1600 mm. The fork has a length of 1150 mm and a bearing width of 550 mm. The trolley consists of castors (150 x 40 mm) and tandem fork wheels (82 x 60 mm). Both wheels consist of polyurethane tires and the castors are equipped with a brake. The own weight is 210 kilograms.
