PRODUCT DESCRIPTION

New collapsible and stackable metal wire pallet converter, galvanized, 870 mm high, suitable for all our Euro format pallets. Inside dimensions are 1150x940x850mm. Also features a folding window on the long side. Because this add-on wall is foldable, you can save space if it is not in use during return transport or in storage. The size after the metal wire converter has been folded is 2110x920x130mm. The static load capacity is 800kg. If this metal pallet edge is placed on your pallet, you can easily stack another pallet on it. Transport inside and outside the EU possible, it does not contain any heavy metals.
