PRODUCT DESCRIPTION

Collapsible metal attachment frame 1200x800x1000mm

Used, but in excellent condition. Collapsible metal stacking frame, galvanized, 1000 mm high and suitable for our Euro format pallets. Grid size of the walls is 55x110 mm. The add-on wall also has a hinged window on the long sides. Because this wall is foldable, you can save a lot of space when it is not in use during return transport or in storage.

Create a pallet box in the blink of an eye by placing these collars on a 1200x800 mm pallet ! The cast-on edges are very flexible; you can easily fold them and store them to save space when not in use.

PLEASE NOTE: This is a used item, all used items we sell are 100% functional! However, the photo that we display on the website does not guarantee the entire batch that we have in stock. The used products we sell have visible signs of wear and wear and tear. Based on our more than 30 years of experience, we carefully sort and repair used items. Whether the optical and technical condition is sufficient for you is a personal interpretation. If you want to convince yourself that these articles meet your needs, you are welcome after making an appointment by telephone at one of our branches to view the selected product. By placing your order online, you agree to the condition of used products.
