PRODUCT DESCRIPTION

Foldable extension edge 1200x1000x800 mm - metal with clamping function

This pallet collar has a size of 1200x1000x800mm. This folding edge is suitable for 1200x1000mm block pallets . 3 of these folding extensions can be stacked on top of each other, whereby the lower wall can bear a maximum of 1500kg.

This product has 4 stacking feet and is foldable. The frame parts are secured with a clamping function that ensures that the frame parts clamp tightly around the pallet, which provides strength.

The color of this product is RAL 5012 blue and has a weight of 29kg.
