PRODUCT DESCRIPTION

Smart Cart, 1106x630x1360mm

This Smart Cart is an ideal solution for your internal transport. The product, which is also regularly referred to as a library cart, order-picking container or e-commerce trolley, has an outer dimension of 1106x630x1360mm. This order-picking container is also collapsible, when folded, the outer dimensions are 1106x345x1360mm. The product is therefore ideal for compact storage when not in use. The weight of this e-commerce trolley is 72kg and the trolley is equipped with four 125mm rubber castors, two of which are equipped with a brake.

In this order picking trolley you can store your products on 3 'levels', spread over 6 shelves. These shelves have a size of 1029x305mm and can carry 50kg each! This means that this sturdy e-commerce trolley has a total load capacity of 300kg. The metal frame is corrosion-resistant and equipped with bumpers so that your product will last longer.

In short, if you are looking for a compact but extremely sturdy solution for the internal transport of your goods, then this Smart Cart is the ideal solution for you!
