PRODUCT DESCRIPTION

L2C Lidded Crate - 600x400x368mm - 64 Litres

The L2C Lidded Crate is slightly smaller than the "standard lidded crate" (the L3C). Our medium L2C crate or "stair crate" is a compact lidded moving container perfect for easier handling on stairs. The L2C crate is a heavy-duty plastic crate featuring integrated lifting handles and an interlocking lid. Designed to store or move items safely and securely while also being narrow enough to use easily on stairs or take up less room in transport and storage.
