PRODUCT DESCRIPTION

Metal nestable 2-witch retail roll container 800x700x1770mm

2 Galvanized metal nestable roll container-witch with A-frame construction. Equipped with a gridded bottom, and side rails gridded with straps. The size of the grid in the side rail is

PRODUCT SPECIFICATION SHEET

140x145mm. The outer dimensions are 800x700x1770mm, the inside dimensions are 800x650x1570mm. The dynamic load-bearing capacity is 500 kg. The roll container has an innovative structure, it is provided with a folding bottom with a unique suspension system. The trolley has a gridded metal base with 2 swivel and 2 fixed castors. Thus the cart is very versatile and easy to use. The wheels are made of PU and the castors have a closed wheelbox for added security. The nest structure can save space during return transport or when in storage and not in use.
